Claim Rejections—35 U.S.C. 112, First Paragraph:

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1, 2, 4-38, and 40-83 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. According to claims 1, 34, 42, 50, and 69, the bits per word and the words per cell are programmable parameters. This feature is not taught in the disclosure as originally filed. For example, page 31, lines 10-12 teaches that the word size and the cell size are programmable parameters. The cell size could be set to be equal to the word size; in this case, the word size and the cell size could be programmable, but the words per cell would not be a programmable parameter. Claims 2, 4-33, 35-38, 40, 41, 43-49, 51-68, and 70-83 depend on claims 1, 34, 42, 50, and 69 and are therefore similarly rejected.

Response to Arguments:

3. The prior art rejections have been withdrawn in view of the amendment. The amendment, however, lacks written description, as explained in this Office Action.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
